Many thanks to all the great contributors who helped make this record a reality. You are all stars in your own rights, and I am honored to have you as guests and collaborators on this project! Gratitude to Sylvia Ronahan, my loving wife, friend, muse, and unconditional supporter; Neal Sapper for 20 years of getting my music to radio; Dr Dave Harrison at Wedge Mouthpieces; Willi Germann jazz guru; Lew Laing for being a simpatico musical genius with astute musicality across the board; Dave Love at Innovative Entertainment Solutions; Doug and Mar y Kirk and Stu Berketo at WAVE.FM; Rino Zalamea and Jesse Brook at Long and McQuade for excellent horn servicing; my friends and clients at Bentall Towers (Doreen, Lynn, Laura, et al); Derek and Diane Oelmann for providing a sweet musical homebase; and Raj Mutti and Johnny Rock for jazzin' up the Hard Rock!

From Lew Laing: It's been my pleasure working with you on Open Invitation, I just hope all your fans enjoy the music and much as we enjoyed making it! Shoutout to all the great musicians who played on the tracks with us, to Dee and Brittani Cole, and to our trusty Macs which worked their butts off as we mixed this record!
